About Our College

Malineni Lakshmaiah Women's Engineering College was established in the year 2008. The Institution is ideally located near Pulladigunta on Guntur – Parthipadu road at distance of 8 k.m in a vast expanse of 35 acres of land.

The college is providing excellent technical education through its well-equipped laboratories and teaching faculty. The faculty members of all the departments are highly experienced in the field of teaching, research and have excellent industrial exposure. The college is offering U.G programmes in the fields of ECE, EEE, CSE, IT and P.G programmes in M.Tech (VLSI), M.Tech(CSE) & MBA. The College is recognized by AICTE and is affiliated to JNTUK, Kakinada, A.P.

Editorial Board:

Mr.Chiluka Ramesh, HOD, ECE

CHAIRMAN'S MESSAGE

MLWEC has made tremendous progress in all areas crossing several milestones within a very short span of time. I feel very happy to know that the students and faculty of the ECE department of MLWEC are bringing out the first volume of the ECE magazine which is intended to bring out the inherent literary talents in students and the teachers also to inculcate leadership skills among them. I am confident that this issue will send a positive signal to the staff, students and the persons who are interested in the educational and literary activities.

Dr. Malineni Lakshmaiah
Chairman
Malineni Lakshmaiah Group of Colleges

VICE- CHAIRMAN'S MESSAGE

I feel extremely delighted to observe that in our college Electronics and Communication Engineering Department is bringing out a Magazine with the dedicated and committed efforts of the faculty and the students of the Editorial Board. The magazine of a college is the reflection of the creativity of the students, involved in multifarious activities. I congratulate the efforts of the members of the Editorial Board that they have brought out this issue of the magazine. This magazine is going to showcase the strength of this college.

Dr. Malineni Perumallu
Vice-Chairman
Malineni Lakshmaiah Group Of Colleges

PRINCIPAL'S MESSAGE

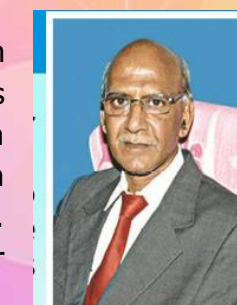

I congratulate the department of ECE, MLWEC for bringing out the first issue of the prestigious department technical Magazine, I am sure that the magazine will provide a platform to the students and faculty members to expand their technical knowledge and sharpen their hidden literary talent and will also strengthen the all round development of the students.

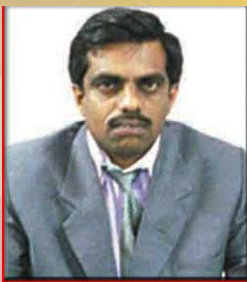

Dr. J. Apparao M.E, Ph.D
Principal

DIRECTOR'S MESSAGE

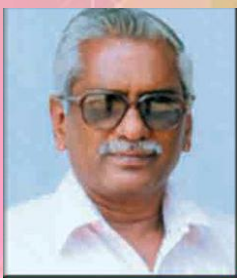

I congratulate department of Electronics and Communication Engineering, MLWEC for bringing out the first issue of the prestigious department Magazine. I am sure that the magazine will provide a platform to the students and faculty members to sharpen their hidden talents and will also strength the all round development of the students. My congratulations to the editorial board who took the responsibility for the arduous task more effectively.

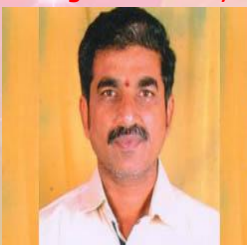

Dr. P. Nageswara Rao
M.E., Ph.D
Director

DEAN'S & HOD'S MESSAGE**Dr. P. Ramesh Babu, Dean, Engg**

Competition is an opportunity to prove one's mettle. If students are on their toes to prove themselves to be true competitors, their success graph is always impressive. The ECE department are putting their best possible efforts to make their students global competitor.

**Dr. T. Nageswara Rao, Dean MBA**

Today's professional students have a special opportunity to aim at national excellence too besides the organizational development and their personal and career progress. I congratulate ECE department for releasing Impulse 2017 magazine.

**Dr. G. Ramaswami, HOD, CSE**

I congratulate ECE department for successful releasing of Impulse 2017 department magazine which images the various activities held in the department with great spirit. Education is not preparing for life, education is life itself. I wish all the students of ECE department a great future.

**Dr. A. S. K. Chaitanya HOD, S&H**

I have long been aware of the dedication and determination of the ECE department. So success on their part is not any surprise to me. I am sure to witness many achievement stories from ECE department in the days to come too.

**Mr. P. Venu Babu, HOD, IT**

I congratulate ECE department for presenting first issue of Impulse 2017. The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires and hence it is an inspiration to all other departments

INDIAN WORLD RECORD TO MALINENI GROUP OF COLLEGES: MALINENI MAHA SANKALP 2016

Malineni Group of Colleges has carved a niche for itself in adopting innovative methods to make technical education meet industry and social needs of the nation. The goal is to prepare, not just knowledgeable human resources by certifying them with engineering qualification, but of producing true professionals with desirable traits like right attitude, effective communication, good interpersonal skills, who are quick to learn, and willing to take risks and seek to convert challenges into opportunities .

Human Satellite Launch Vehicle enters record book

The human satellite launch vehicle formed by students of Malineni Perumallu Educational Society's Group of Institutions and Malineni Lakshmaiah Women's Engineering College propelled the Institutions into the hall of fame as it entered the **Indian Book of Records.**

Over 2016 students arranged themselves in a grid as a fitting tribute to the country's missile man and former President Dr. A.P.J. Abdul Kalam. Malineni Group of Colleges Vice Chairman Dr. Malineni Perumallu presided over the programme along with N. Saranya Ram, Personality development trainer.

Mr. N. Saranya Ram later spoke on the inspirational life of Dr. A.P.J. Abdul Kalam as the students listened by sitting in the grid. G.V.N.R.S.S. Vara Prasad, adjudicator of the event, then announced that the two events were entered in the **Indian Book of Records.**

Indian World Record certificate is presented to Malineni Group of Colleges on 30th March, 2016. Special recognition and Commendations are conveyed upon being recognized for outstanding record attempt dedicating to Dr. A.P.J. Abdul Kalam by creating the "World's Largest Human Satellite Launch Vehicle" which includes 2016 student and staff of Malineni Group of Colleges, by memorising the services in the field of Science & Technology have been appreciated at Pulladigunta, Guntur, Andhra Pradesh, India. Former MLC, K.S. Lakshmana Rao, Rector ANU, K.R.S. Sambasiva Rao and DSP Guntur, Sri. G. Lakshmaiah congratulated the students

**Indian World Record Certification presented to Malineni Group of Colleges,
Dr. M. Perumallu, Vice Chairman**

**Indian World Record Celebrations and 2016 Students arranged themselves in a grid to
grand bid tributes to Dr. A.P.J Abdul Kalam**

Principal, MLWEC, Dr. J. Appa Rao, Vice-Principal, MPES, Dr. A. Subrahmanayam, Dean Engineering Dr. P. Ramesh Babu, Dean MBA, Dr. T. Nageswara Rao , HODs and Faculty members were present.

Dr. Malineni Perumallu, Vice Chairman congratulated all the Faculty and Students of our prestigious Malineni Group of Institutions of Guntur for an **outstanding and Commendable achievement** of creating **Indian World Record** by forming **"World's Largest Human Satellite Launch Vehicle"** dedicated as great Tribute to Dr. A.P.J. Abdul Kalam with 2016 students and staff of our beloved Malineni Group of Colleges by memorizing the yeomen services in the field of **Science and Technology**.

Dr. MALINENI LAKSHMAIAH,

CHAIRMAN OF MALINENI LAKSHMAIAH GROUP OF COLLEGES, AWARDS

Malineni Lakshmaiah Group of Colleges were established in the year 1999 by "**Malineni Perumallu Educational Society's**" at singarayakona, Prakasm Dist., built in an a vast land amidst pleasant and stimulating natural environment with an excellent infrastructure under the Chairmanship of **Dr. Malineni Lakshamaiah**, a renowned social worker, Cine Producer, recipient of "**Excellency award**", "**Indira Gandhi Sadbhavana Award**" with the main objective of imparting value based education to the society. His visionary efforts and commitment to the society played a pivotal role in providing quality education to help the rural students in uplifting them to succeed in the career.

Dr. Malineni Lakshmaiah receiving "Prathibha Puraskhar Award 2016"

Under the capable leadership of the founder and visionary Chairman, Dr. M.Lakshmaiah, and the able stewardship of the Vice-Chairman Dr. M. Perumallu, assisted by a team of highly dedicated and experienced Deans and senior faculty, a vibrant student centred environment is created with a host of opportunities for rich and diverse experience of study, training, and industry exposure.

Dr. Malineni Perumallu the Vice-Chairman of this Group of Institutions is embodiment of optimism, patience, perseverance, commitment, self discipline, self confidence and thus dedicated himself for the cause of imparting value based education to common man.

'Attack' a sensational hit

Ram Gopal Varma has his great actors who come up with a restrained, mature performance. Be it Prakash Raj, Jagapati Babu or Manchu Manoj, they lend gravitas to their parts. Dr. M. Lakshamaiah is the Co-Producer for this block buster hit "Attack".

About Department of ECE

The Department of Electronics and Communication is one of the major departments of MLWEC since its inception in the year 2008. The Department of ECE has an intake of 120 in B.Tech program and is also offering M.Tech program in VLSI. The ECE department is indeed fortunate to have an excellent team of faculty members, and support staff members who are committed to the cause of quality technical education with patience, hard work, still and sincerity. The department has well equipped laboratories to cater to the needs of the JNTUK curriculum effectively. These laboratories have been meticulously planned and all these laboratories have state-of-the art equipment.

The faculty members of this department play an active role in various college activities like conducting Guest Lectures, Workshops, National Level Technical Fests, Industrial visits, Fresher's and Farewell day etc. Personal counseling is an integral part of the department's teaching program. The department has good interpersonal relationships amongst its faculty and the students.

The students of this branch are also taking an active role in sports like throwball and kabbadi. Several students have participated in paper-presentations, seminars, and technical quizzes. It is a matter of pride to the department that its alumni have occupies enviable positions in various reputed organizations and some of them are pursuing higher education in esteemed universities in US, UK, Germany and Australia

DEPARTMENT VISION

Our vision is to develop the department in to a full-fledged Centre of learning in various fields of Electronics and Communication Engineering keeping in view the latest developments and to invoke enthusiasm among the students to continually renew their education in rapidly developing technological scenario

DEPARTMENT MISSION

Our mission is to inculcate a spirit of scientific temper and analytical thinking and train the students in contemporary technological trends in electronics and communication to meet the challenging needs of the industry by providing versatile sound knowledge in the field of engineering and technology

HOD'S MESSAGE

Chiluka.Ramesh,HOD,ECE

I feel privileged in presenting the First issue of our department magazine Impulse 2017. I would like to place on record my gratitude and heartfelt thanks to all those who have contributed to make this effort a success. My special thanks to Dr. Malineni Perumallu for his guidance which enabled me to bring out this volume. It is my moral duty to thank him for giving support and encouragement. I express my appreciation for Association member's for their restless efforts in shaping this magazine and make the magazine popular. I specially thank Dr. Aluri Subrahmanyam, Sr. Professor, CE for his guidance in drafting text used in Impulse 2017

Alumni Talk

A.Vasavi Sravani completed B.Tech from this college in 2016. I am currently working at EGLOBAL Data Services, Hyderabad. I would like to convey my thoughts about the time spent in college and also about my wonderful experience at MLWEC. At first I was quite apprehensive about joining a new college but when I had first visited the college on the Orientation Day I was very much impressed by the infrastructure of the college- the lush green campus, the huge college building, big play ground etc.

K.Sushma completed B.Tech from this college in 2015. We have had ample opportunities to hone our skills by taking part in all kinds of events such as debate, quiz, powerpoint presentations, seminars and cultural activities such as a grand traditional day where we could showcase our singing, dancing and acting skills. Academically the college has given me a lot of knowledge and understanding of subjects not just theoretically but also in a very practical manner.

K. Malleswari completed B.Tech from this college in 2016. We owe an excellent start to our career to this college. All this was only possible due to only one whose dynamic thinking and emphasis in overall development has led to this success he is our beloved Principal, Dr. J. Apparao. All this was possible due to the hard efforts put in by the well trained faculty who are very skilled in whatever they teach.

P.Udaya Lakshmi completed B.Tech from this college in 2012. I take this opportunity to thank our Principal, Dr. J.Apparao for helping me achieve what I am today. I am extremely overwhelmed and grateful to this institute for giving me an opportunity to share my thoughts and about my beloved college – MalineniLakshmaiah Women's Engineering College. The four years of college was not just a learning time but also a personality development time for all of us.
