15.Multidisciplinary / interdisciplinary

Our vision is to be a leading institute in engineering education by fostering academic achievements to empower female engineers who are ethical and valued driven to serve society. To support women in their career goals and making them competent for enhancing intellectual qualities. To establish team spirit a conducive working atmosphere with an equally proficient and benefits from one another's strengths. Humanities and science are part of the curriculum at JNTUK University. The credit based system is implemented according to the frame work of JNTUK. The institution and its departments encourage students to pursue

mini as well as major projects in their areas of interest which is useful to society.

16.Academic bank of credits (ABC):

Malineni Lakshmaiah Women's Engineering College is affiliated to JNTU, Kakinada. We are following the choice-based credit system defined by the university. CBCS was executed from the scholarly year 2016-17 including Professional and Open elective in the educational program to work with the multidisciplinary approach for designing critical thinking. The understudies are given the decision to choose the open and Professional elective subject. Workforce is urged to plan their own curricular and instructive ways to deal with a subject that is in line with the college structure. The appraisal structure is characterized by the University. The instructive methodologies followed by the personnel are Group Discussions, QUIZ, Role Play, Case Studies, Assignments, Interactive Seminars, Workshops, Guest Lectures, Conferences and Working Models/Demos

17.Skill development:

To strengthen the technical skills and soft skills of the students, our institute concentrates on the quality standards and conducts periodic reviews to update the academic programs. We impart career guidance to provide quality placement opportunities to the students that are in line with the industry requirements. It also encourages Entrepreneurship. Besides core subjects, students are taught life sciences & humanities subjects like Environmental Sciences, Gender Sensitization and Professional Ethics.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Malineni Lakshmaiah Women's Engineering College is affiliated to JNTU, Kakinada and we follow university rules. There are no guidelines currently from the University to follow bilingual mode of teaching, however, some faculty members follow it in order to improve the intelligibility of the student learning

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Our institute implemented OBE in 2018 and follows it promptly. We also strictly follow the NBA defined POs for our programs. We follow Blooms Taxonomy in framing the internal question papers. The COs & PSOs are defined program wise by the Institute by following OBE guidelines in order to define the course plan formulated by CAC.

20.Distance education/online education:

In our institution there is no provision for Distance Education. But we encourages online education via various online programs like webinars, guest lectures , technical talks , internships.etc. We are following Blended learning and teaching methods like; Google Meet, Google Classroom, ZOOM, and CISCO WEBEX & YouTube.

CURRICULAR ASPECTS	
1.1 - Curricular Planning and Implementation	
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process	
<p>Malineni Lakshmaiah Women's Engineering College (MLWEC) approved by AICTE and affiliated to Jawaharlal Nehru Technological University, Kakinada, follows the curriculum prescribed by the university. The institute ensures effective curriculum delivery through: Curricular Planning, Teaching-Learning Process, Effective Course delivery, Self-learning initiatives</p> <p>The university publishes the academic calendars for both semesters with complete details of commencement of academic session, duration</p>	

of semester, period of internal assessments and semester end examination in an academic year.

Principal conducts college academic committee meeting and informs the HODs to prepare the department calendar specifying the various activities in line with the university calendar. In accordance with academic calendar published by the university respective department HODs prepare a department academic calendar .

HODs will allocate subjects to the faculty members based on the area of specialization, experience, competency and also the preferences they have opted.

HODs will conduct a staff meeting and inform all the faculty members to prepare the course file consisting of Course Outcomes, CO-PO mapping, Lesson Plan, Assignments etc. The timetable and academic calendar are given before the commencement of the classes to the faculty members through the respective Heads of departments.

The curriculum is executed and monitored by the HOD for systematic coverage of syllabus as per the lesson plan.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Malineni Lakshmaiah Women's Engineering College receives program and semester wise academic calendar from JNTUK, Kakinada, as it is affiliated to it. The university academic calendar focuses on the date of commencement of the class work, number of instructional weeks per mid-term syllabus including mid-term examination schedule and semester end examination schedule. The evaluation of each course shall contain two parts: Internal Assessment, External or End-Semester Assessment. There are two internal tests conducted per semester. The schedules of internal assessments are communicated to students and faculty at the beginning of the semester through institute academic calendar which is prepared based on the university academic calendar. The internal exam timetable is displayed on the notice board a week in advance.

Conduct of Continuous Internal Evaluation CIE:

- Question papers are prepared with COs and indicating revised Blooms Taxonomy levels by concerned faculty of every department for all programs being offered.
- Performance of the students is evaluated by conducting internal examinations, assignments and conduct of seminar, class tests etc.
- CIE marks uploaded to the university web portal within the stipulated time. Internal assessment tests and other measures taken to judge the performance of students is done fairly and in an effective manner.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The college follows a curriculum wherein several undergraduate programs incorporate in their respective course topics that

include cross cutting issues relevant to Gender, Environment and Sustainability, Human values and Professional ethics.

Human Values and Professional Ethics: The Course, Human Values and Professional Ethics offered in the curriculum, covers identification of human values and skills, profession and happiness, importance of trust, mutually satisfying human behaviour, appropriate technologies and management patterns to create harmony in professional and personal life. To create scientific approach and social awareness among the students, lectures and quiz, essay, etc. are conducted by NSS.

Gender Equality: Gender Equality and Equal opportunity for women are necessary in the institution. Every activity and program of the circular of the institute should provide equal opportunity for the development of the girl students and the female staff. In maintaining the equality among the staff and students the Women development cell and Anti ragging cell are active.

Environment and Sustainability: N.S.S. promotes environmental protection through tree plantation and other sustainable development programs. Every year, N.S.S. unit undertakes a host of activities in the nearby villages during the special camps. In these camps, N.S.S. organizes various environmentally related programs, including tree plantation, village cleanliness, Poster Competition, Debate Competition, etc.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Teachers are encouraged to impart the curriculum through student centric learning methods, such as presentations, assignments, peer

learning, brainstorming, NPTEL lectures, group discussions, workshops, quiz, role-play, seminars, projects, industrial visits, etc., and innovative teaching methods such as Google classroom, QR codes, etc.

The IQAC performs academic audit twice in a semester to ensure the effective delivery of the curriculum

As the attainment of COs is the base for achieving the attainment of Program Outcomes, Program Specific outcome and by which Vision and Mission of the institution, the institution takes all the possible measures to ensure the effective delivery of curriculum and attainment of COs for all the courses..

Slow learners:

The students are classified into two group's i.e., slow learners and Advanced learners. Special coaching and compensatory classes are arranged for the betterment of the students especially for those who are very dull and slow in the learning process. Special focus is laid on slow learners by giving Assignment questions and previous years external questionpapers.

Advanced learners:

The students who distinguish themselves in academics by securing more than 70% marks come under the group of the Advanced Learners. They are advised and guided to undertake additional courses like NPTEL.

An opportunity is provided for advanced learners to be a part of Seminars, Conferences, Workshops, Industrial visits.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Experiential Learning:

Tutorial classes are conducted which gives strength to regular teaching learning process. The students are taught and encouraged to practically test the concepts that they theoretically learnt in the classroom. The Faculty members and Qualified Technical Staff helps the students to conduct experiments.

The institution imparts the following experiential learning practices to enhance creativity and cognitive level of the students.

- Laboratory Sessions with advanced experiments
- Internship to expand the knowledge on market trends
- Add-on Courses on latest technologies
- Case Studies, Prototype Model Making, Visual Aids usage
- Project development

Participative Learning:

The institution imparts the following Participative learning practices:

- Tech Fest/Project Expo
- Group Discussion, Debate, Role Play, Quiz
- Technical Seminar Presentation
- Periodical Industrial Visit to get insight into the internal working atmosphere of industries
- Co-curricular & Extra-Curricular activities to trigger self-confidence of the students
- NSS and extension activities

Problem solving Methods:

The students and faculty are motivated to register for online NPTEL Certification courses in addition to their regular curriculum. Laboratories with Internet Connection allow the

students to enhance their knowledge and skills.

- Practical Sessions to get Hands-on experience
- Tutorial Sessions
- Brain Storming sessions
- Special Assignments
- Technical Seminar on contemporary topics cum group discussion
- Peer Group Teaching
- Quiz Sessions

The institution takes significant efforts to explore flipped classrooms with ICT tools and e-resources, such as NPTEL videos, e-books, PPTs, etc which helps to easily transform conventional teaching process to student-centric process

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

MLWEC imparts innovation and creativity in regular teaching-learning pedagogical methods. The faculty members deliver curriculum content using innovative and creative tools such as ICT tools with eresources, NPTEL videos, PPT etc in order to cater the attention, interest, curiosity, and passion in their learning activity. Innovative and creative academic practices adopted by the institution are listed below:

Lecture Management System

The faculty members have adopted the lecture management systems such as Google-classroom for sharing their course material, to share lecture videos, google docs, collecting feedback, to allocate assignments, conduct Quiz and collaborate with each other. As all classrooms are availed with ICT tools, LMS is effectively used to cultivate Innovation and creativity in the teaching-learning process.

Brainstorming/Group Discussion

Brain Storming and Group discussions are conducted in the classroom to explore the innovative & creative thoughts of students.

Industrial Visit/Study Tour

The institution arranges Industrial Visit/Study tour periodically to get insight into Industry culture and trend.

e-Yantra

Under the guidance of highly qualified faculty members, students are trained to develop coding for robotic model development.

Tech Fest

The institution ensures creativity and innovation of the students by providing the platform, Tech fest every year, which includes activities such as technical quiz, project expo, technical presentation, Hands on project development, website development contest, etc.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Continuous Internal Evaluation plays a very important role in deciding the quality of the education system. The institution conducts two Mid-Term Exams, Assignments for all theory and laboratory courses during each semester as per the schedule and pattern of JNTUK, Kakinada.

In order to assess the learning levels of the students, course outcomes are well defined as per revised Bloom's taxonomy and mapped with POs and PSOs of the program before the commencement of the semester.. Question papers for internal examinations are framed to evaluate the different cognitive learning levels of the students using different direct and indirect assessment tools instead of merely checking simple memory recall practice of the conventional evaluation system.

Special attention is given to separately to slow learners and advanced learners in order to uplift their skills and learning levels.

The development-Inducing feedback system has been effectively practiced by the institution. Twice in semester feedback is collected from students on each course to evaluate the effectiveness of the regular academic practices.

The institution encourages the faculty members to undertake online courses in Massive Open Online Courses (MOOCs) through SWAYAM, FDPs, and other professional development activities to make them remain competitive, contemporary and adopt innovative methodologies in teaching-learning practice.

In view of cultivating, promoting and attaining cognitive, affective, and behavioral learning levels of the students, the institution continuously evaluates the system to ensure its effectiveness.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The institution maintains high transparency and robustness in conducting internal assessment exams by adopting several effective mechanisms as given below:

- Schedule of Internal assessment test, syllabus and question paper pattern adhered to the academic calendar and regulations of JNTUK, Kakinada are displayed well in advance before the commencement of the academic session.
- Internal Assessment exams are conducted as per the JNTUK, Kakinada academic calendar.
- The evaluated answer scripts are made accessible to the students within a week to maintain transparency in the evaluation system. Before distributing the papers to students, answer keys are discussed in the classroom for each course. The issues related to awarding of fewer marks, the discrepancy in counting, etc., are resolved by the respective faculty members immediately. Subsequently, marks are displayed on the notice board to maintain high transparency.
- Assignments are given on each unit of the course and suggestions to improve their performance are given after evaluation.
- In a technical seminar which is included as part of their curriculum for final years, the students are encouraged to give a presentation on recent and innovative topics.
- Internal marks are awarded based on the presentation in mini and major projects and suggestions to improve their presentation are given by the review committee consisting of project guide, project coordinator and Head of the department.
- The information about the internal assessment evaluation process is communicated to students during the orientation program for first-year students.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The Institution has clearly stated Program Outcomes, Program Specific Outcomes, and Course Outcomes. The following mechanism is followed by the institution to communicate/disseminate outcomes to the teachers and students.

College website: <http://www.mlewguntur.com>

Department Notice Boards

Principal Chamber/HOD chamber and all central facilities

Student e-Hand Books

All Laboratories

College prospectus

Placement brochurs

Department magazine, Department Newsletter, College Magazine

Display at the Prominent Locations of the Campus

Building entrances

Course instructor defines Course Outcomes for all the courses using revised Bloom's Taxonomy. The Department Advisory Committee and the Head of the Department review and approve the Course Outcomes (CO).

Each Course Outcome is mapped to Program Outcomes and Program Specific Outcomes in terms of their correlation. Three levels of correlations are used for mapping COs with POs and PSOs, where, 1 is used for indicating low, 2 for medium and 3 for a high level of correlation. The contribution of a course to each PO/PSO is expressed in terms of the average relevance of COs mapped to that particular PO/PSO.

Course Outcomes of all courses, Program Outcomes and Program Specific Outcomes of all programs are listed in attachments

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institution has set up an innovation ecosystem to foster a culture of innovation among the young talents in the campus. To propel innovations in engineering field, the institution has established an incubation centre, Entrepreneurship Development Cell.

Institution's Innovation Council (IIC) Membership

The institution has become an active member in Institution's Innovation Council under the aegis of MHRD's Innovation Cell to promote innovation. IIC team members are very active to conduct various innovation and entrepreneurship-related activities, identify and reward innovations, arrange seminars/ workshops/ interactions with investors, entrepreneurs, researchers, scientists and other professionals, network with peers and entrepreneurship development organizations, and organize Hackathons, Workshops, etc.

Initiatives for the creation of knowledge

We used to conduct boot camps for introducing new technologies to the students, Ideathon for brainstorming sessions for creating certain ideas to solve the problems facing by the local people.

Initiatives for Transfer of Knowledge

The institution publishes all its creations such as outcome of Hackathons, tech fests etc..

Motivation towards Intellectual Property Rights (IPR)

The institution conducts several IPR related programmes to educate and train the students and Faculty on IPR & filing the patents

Library Resources

The institution has a subscription to IEEE, ASME, ASCE, and J-GATE, International Membership of DELNET, e-Journals and 235 Indian Journals/magazines to promote research and development activities in the campus.

Entrepreneurship Development Cell (EDC) was established on 2017 to empower and Inspire Girl Students to take Initiatives and Accept Responsibilities to thrive in the Challenging World.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The institution fosters holistic education that makes the students intellectually, socially, emotionally and ethically strong. In order to nurture them with social values and responsibilities, the

institution encourages the maximum number of students for active participation in extension activities and outreach programs.

National Service Scheme (NSS)

NSS unit of our institution conducts many extension activities for the betterment of the neighbourhood communities in addressing their social issues.

- Blood Donation Camp
- Village Adoption for development
- Haritha haram
- Swatch Bharat activity
- Orphanage Programs
- Health Awareness Programmes
- Special Camp in Pulladigunta Village

In the Special Camp at Pulladigunta Village, MLWEC - NSS volunteers have created awareness on child labour issues and counselled & guided them to continue their studies. As a part of this special camp, bags and books were also distributed to encourage the financially deprived students. A team of doctors and MLWEC - NSS volunteers organized health camps to prevent and eradicate vulnerable diseases that spread due to sanitation and cleanliness issues. Students had actively involved in this camp and cleaned the village to create cleanliness awareness among the locale.

Collaborative Extension Activities

We encourage the students to involve in outreach programs conducted in collaboration with local police, doctors of Government Hospital, Election Commission of Andhra Pradesh. We feel very proud that many of our students involved in electoral literacy campaigns and electoral booths to facilitate the polling process.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The available facilities are mentioned below: **Class Rooms:** This institute has a 32 class rooms, each room is spacious and having the area of 79.013 Sq.m. All the rooms are ventilated and equipped with innovative learning ICT tools like LCD projector, projector screen etc. **Seminar Halls:** This institute has adequately spacious and well furnished three seminar halls equipped with projector, audio, video systems, amplifiers and public addressing systems. with a seating capacity of 250, 180 and 150 respectively. **Library:** Institute has a Central Library located in two floors with an area of 430 Sq.m and a seating capacity 150. The digital library is equipped with 15 PCs connected with LAN and WI-Fi to access the internet and to streaming NPTEL lectures and using e-Resources. **Counseling Rooms/Tutorial Rooms:** MLWEC has a sufficient number of Counseling rooms/Tutorial Rooms to take special care and encourage the slow learners in order to clear all the curriculum subjects.

Computer/Hardware Laboratories: MLWEC has adequate and well equipped Laboratories in all departments.

Training and Placement Cell: The T&P Cell is available to provide campus recruitment training along with soft skills and personality development skills to students.

Center of Excellence: RC is a Centre of Excellence in Robotics offering Hands on Training, on Applied Robot Control Tools to explore their Creativity in Mechatronics and Robotics.

Cells: To empower the quality of learning, research and innovations among women engineers, this institute has constituted various cells like Grievance Redressal Cell, R&D cell, IQAC, Career Guidance Cell, Training and Placement Cell etc.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

MLWEC has adequate facilities for cultural activities, sports and games. The institute has separate committees to organize these facilities headed by coordinators, staff and students from various departments. Students are encouraged to participate in zonal tournaments and various Co-Curricular Extra-Curricular activities.

Every year, the college holds cultural events like Sankranti, Vinayaka Chavithi, Induction and Farewell celebrations etc. and every student is encouraged to take part in these events including indoor and outdoor games.

The college has a recently developed gym equipped with Treadmills, Stationary bicycles, Dumbbell sets, Skipping Ropes etc. Throughout the year all the sports facilities are made available to both staff and students. The college has a playground area with a Throw ball, Tennis and shuttle. The college hosts intra college events time to time. The indoor and outdoor games various equipment's are stored in sports store room. The courts, sports and games equipment are periodically maintained under the supervision of the Physical Director. The college is providing ambient environment for holding the event yoga on the international Yoga Day celebrations

The Available indoor and outdoor facilities with particulars are :

Indoor Facilities: Caroms, Chess, Chinese Checkers

Outdoor Facilities Throw Ball, Shuttle Tennis Ring Short Put, Kabaddi Discus throw

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Central Library and Reading Room provides Books, Journals, Encyclopedia, Magazines and News Papers for the Students, Faculty and Non-faculty for enriching the knowledge. The e-Books, e-Journals and e-Database are available for all stake holders in the campus.

1860 e-Journals and e-books are subscribed under Developing Library Network (DelNet) for accessing by the library users. The subscription of National Digital Library (NDL) provides access to data base.

The e-SodhSindhu negotiated J-Gate platform provides access to 81,871 e-journals with 21,216 full text accessible journals

The Library and Reading Room has automation by open source application KOHA with IP:192.168.0.214. The automation gathers data of circulation which includes Issues and Returns.

The e-Library is equipped with 16 Desktops with IP: 117.211.160.53 @ 100Mbps fast and seamless.Internet access. The subscribers can fully access the e-resources viz., e-journals, e-books, NDL, NPTEL, J-Gate, YouTube, etc.

NPTEL Data base is readily available for all the users. There are a total of 34 video courses and 30 web courses of CSE department and 30 video courses and 21 web courses of ECE department, 15 video courses and 30 web courses of S & H as well as 12 video courses and 8 web courses of MBA departmentcan be accessed through e-Library.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

MLWEC always provides keen update and top priority on IT facilities (such as internet ICT facilities, Student Computer Ratio, LCD Projectors, etc.,) to provide state of the art infrastructure for effective teaching-learning process.

Currently, the institute has 550 systems located in various laboratories to meet the requirements of curriculum, beyond the curriculum and to make students industry-ready. The academic and administrative activities, CCTVs, Servers etc are supported through an internet and WI-Fi bandwidth of 300Mbps.

The IT infrastructure of the college is maintained by trained and experience professionals. The main objective of the computer centre is to provide the robust hardware/Software facilities, to provide securely maintenance of academics, examinations, administration activities etc. This centre provides the uninterrupted continuous services to all activities in departments, examination section, central library, CCTVs, Laboratories etc.

The working condition of the present equipment, student -computer ratio and its availability is considered to updation and

enhancement of IT infrastructure. To ensure better IT Infrastructure utilization and to meet the user requirement regular assessment (for UPS, Generators, Software Applications, Computer Hardware equipment, CCTV, Switches, LCD Projectors, Internet facility etc,) is done periodically.

The maintenance of computers, and installation of software are done by programmers whereas, hardware and internet related issues are handled by hardware and networking professionals.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

It is a matter of pride that alumni of MLEW have a strong placement record which explains that our former students occupy various key positions and have a strong eminent history in the different walks of their life.

The Institution has a registered Alumni association to strengthen and network among the alumni, faculty and the management.

It conducts formal Alumni association meetings every year to reunite with their friends, faculty members, and management,

revitalize their memories and share market trends & needs to the prospective graduates.

The institution gives high regard to the suggestions of alumni and utilizes the services for the development of the institution in all the possible ways.

The institution gives high priority to make the Alumni association very active as engaged alumni are the Brand Ambassadors and loyal supporters to keep abreast of the institution.

Our Alumni play a significant role in

- Provide Career guidance, training services, and invited talk,
- Promote R & D activities, projects, and consultancy
- Facilitating internships, industrial visit, campus interviews for students
- Extend the network of professional contacts.
- Promotion of the institute's reputation in society.
- Get real insight into the growth of the institution

Apart from formal alumni association meetings, the institution also engages the alumni support in many ways such as collecting suggestions, feedback on existing curriculum, updates on emerging trends, etc through various networking platforms like LinkedIn, Face book, Twitter, Whatsapp, etc.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The Vision and Mission of the college are:

Vision: To be a pioneer institute in engineering education, fostering academic excellence, and producing empowered women engineers, blended with ethics and values, to serve the society.

Mission:

- To achieve academic excellence through innovative teaching-learning practices
- To inculcate self-discipline, ethics and values amongst the learners
- To bridge the gap between industry and academia through industry institute interface.
- To promote higher education, research and inculcate entrepreneurial attitude amongst the learners.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Our institute's success is largely due to the proper decentralization of diverse tasks and the appropriate allocation of authority.

Decentralization and participative management

- The Principal is the administrative head of the institution. However, for effective administration and efficient implementation of the academic activities, the institution has formed various committees and cells comprising of faculty members and stakeholders to fulfill the objective of providing better learning opportunities.
- The formation of institutional committees like Governing Body, Finance Committee, IQAC, College Academic Committee, DAC, PAC, Anti- Ragging Committee, Internal Complaints Cell, Grievance and Redressal Committee, OBC Cell, Committee for

SC/ST, Minority Cell etc. is the result of decentralization of work and participative management.

Case Study: Decentralization and Participative Management to organize an institutional level event "Sankranti Sambaralu, Samskruthi Placements & Success Celebrations"

- Head of the Institution identifies and deposes a senior faculty member as convener to organize events. The convener organizes a meeting with HODs and senior faculty to discuss about various activities to be conducted as part of the event.
- HODs conduct a meeting with the faculty members of the respective departments and come out with the proposal of set of activities to be conducted with budget and other requirements to the convener.
- Convener submits the above statements to the head of the institution.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

RESOURCE MOBILIZATION:

The mobilization of funds is an important aspect to maintain quality education in the institution. The institution has developed a strategy for mobilizing the resources and ensuring the transparency in the financial management of the institute. It primarily depends on the quality enhancement and the reputation of the Institution. The following are the different ways of mobilizing the funds in the Institution. The major source of revenue generation is tuition fees collected from students. The appropriate fee is fixed, as per the guidelines issued by the fee fixation committee of the state government of Andhra Pradesh. Computer labs and test centers generate revenue by providing space and resources to various competitive exams.

RESOURCE UTILIZATION :

The institution follows a well-defined mechanism for monitoring the effective utilization of the financial resources for academic process and infrastructure development. The Institute has been planning towards efficient use of budgeted funds for each academic year. According to the guidelines specified by the Management and Principal, report of sanctioned budget and actual expenses are periodically year wise and monthly -wise is maintained. The resources are utilized for the following as per the approved budget
