# INDUCTION PROGRAMME

## **OBJECTIVE OF THE EVENT:**

The main objective behind conducting Induction Program for I Year B.Tech. students is to help them have a transition smoothly into college life, both academically and socially. They get familiar with the campus and build a sense of belongingness. It also helps in fostering holistic development by exposing students to different cultures, values and teamwork through various group activities and discussions. It aims to create a supportive environment for students, helping them adjust to a new phase of life and succeed in their studies. They realize the purpose of joining a technological institution and how to build up their future of both personal and professional. The lectures delivered by the eminent scholar during the induction program broaden the horizons of the learning process.

## **PARTICIPATION DETAILS:**

More than 1000 students from all branches (CSE, ECE, IT, DS, AI&DS, VLSI and AI&ML) participated in the program for 9 days in both the sessions.

Every session has been addressed by an eminent person from various fields like medical, education, health, police dept, career guidance, constitutional bodies, yoga, humour and music. All the chief guests invited are versatile in those fields. The messages of these eminent personalities made the induction program successful in attaining objectives of the Induction program.
