Sub:Request for conduct FDP program

Respected Sir

       I Dr.G.Ramaswamy ,HOD,Department of Computer Science And Engineering of Malineni Lakshmaiah Women's Engineering College,would like to put forward proposal to conduct FDP on Machinelearning and Deep learning using python our college 16-08-2017

Thanking You Sir

Yours Sincerely

(Dr.G.Ramaswamy)

MALINENI LAKSHMAIAH WOMEN'S ENGINEERING COLLEGE

About College

Malineni Lakshmaiah Women's Engineering College is established in the year 2008. It is a self-financing institution which owes its foundation to the bold and inspired vision of Malineni Perumallu Educational Society, Singarayakonda. The institution is ideally located in a vast expanse of 5.08 acres of land on the out skirts of GUNTUR city at a distance of about 6 Kms from the city center.

The departmental buildings are located in close proximity each other with wide open spaces all around. The playfields and other student and staff amenities are within working distances. College is offering U.G and P.G Programs in different specializations. Three U.G programs are B.Tech (CSE) with intake of 120, B.Tech (IT) with intake of 60 and B.Tech (ECE) with intake of 120. Two P.G programs are M.Tech (CSE) with intake of 20 and M.Tech(VLSI) with intake of 20.

About Department

The Department of Computer Science and Engineering at the "Malineni Lakshmaiah Women's Engineering College" was formed in the year 2008 and provides an outstanding research environment complemented by excellence in teaching. The Department offers B.Tech, M.Tech degrees. The Department has a comprehensive curriculum on topics related to all aspects of Computer Hardware and Software with an emphasis on practical learning. The course structure is up-to-date and includes courses on nascent topics to equip our students with the latest developments in Computer Science and Engineering. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks. Our faculty members aim at delivering top class education blending their rich research experience with classroom teaching. The Department has undertaken many research projects funded both by multinationals and government agencies. For more information regarding research activities please visit the faculty and research pages.

Objective of the Programme

The proposed FDP introduces fundamental concepts of Machine Learning and Deep Learning using Python. It covers an overview of Machine Learning and Deep Learning algorithms and their applications. The training comprises of a series of lectures and practical sessions. The participants obtain deep insights of Machine Learning and Deep Learning, which in turn helps them to apply it in practice. The FDP also lays a foundation to a deeper study in this area.

Vision

To Emerge as Premier Institute of Quality Education, Employability, Social and Ethical Values.

Mission

IM1: Provide student centric Teaching Learning Methodologies with Modern Infrastructure.

IM2: Promote Technical courses to equip the stakeholders with career skills

IM3: Cultivate idealistic minds

IM4: Provide academic facilities catering industry and society needs
