INDUSTRIAL VISIT REPORT

Industrial visit was arranged by Department of Computer Science And Engineering , Malineni Lakshmaiah Women's Eng college Infosys Limited, Hyd 05-02-2020 for the students of III year with an objective of providing students functional opportunity in sector like CSE. 30 students along with 4 faculties visited Infosys Limited located at HYD .Students visited the campus and tried to get knowledge of actual industrial working. Industrial visit helped them to combine theoretical knowledge with industrial knowledge. Industrial realities were opened to the students through this industrial visit.

The students were also briefed about different career opportunities in the IT industry, and various IT-related roles they can explore. He also shared top mantras for success and answered a number of queries posed by the students.

After the session, students took a tour around the Infosys Campus to see the workstations, facilities, etc.

INDUSTRIAL VISIT REPORT

On receiving the letter of permission from Efftronics Systems PVT .LTD, Vijayawada. Students with three faculty members went on an industrial visit to Efftronics Systems on 14-12-2019. We all assembled at the college at 12.30 p.m. and left the college in a college buses. We reached the Efftronics Systems at 2:00p.m. The Efftronics Systems members are received us at the entrance and gave a brief introduction about the process of manufacturing of LED Display boards, Scrolling Displays, DATA Logger in Railways and their working in detail.

Visited Sections in the Company :

They are mainly Six sections are introduced and manufacturing process are Explained they are

- ❖ Prototype Testing of DATA LOGGER FOR INDIAN RAILWAY.
- ❖ Battery monitoring Device means if any one of the cell is open it finds particular cell very easy.
- ❖ Weather station monitoring to find out different atmospheric parameters like temperature, humidity, rainfall...etc.
- ❖ 3D printing machine: To make a proto type of any object designed from the computer.
- ❖ LED Testing & Designing Section: in this section they are explained various types of LED's and their wave lengths, and high bright LED's...Etc.
- ❖ PCB Designing: They are clearly explained about Types of PCB's
  - 1.single side
  - 2.double side PCB
- ❖ Multi layer

Industrial Visit Report

Malineni Lakshmaiah womens Engineering college, department of Information Technology and INFOSYS,Hyderabad Campus had organized an industrial visit for 20 Students from IT and who were accompanied Our faculties of the department on the 05-02-2020. Industrial tours are organized during the course of study and play an important role in preparing the student for a professional career. Students visited the Infosys Campus as part of an important program, initiated mainly to connect academics with industry requirement and accelerate the learning curve to equip the student to perform well once he is ready for placements.

Students enjoyed the knowledge full outing and thanked the Infosys Management for taking their precious time out in explaining them. Students specially thanked to the Prof. Shirani Nayar (Assoc. Dean) who initiated and worked relentlessly to make this Industrial visit memorable to all.

After the session, refreshments were served to students. Later, the students were taken on an Infosys Campus tour where in the guide assigned explained about various departments and divisions in the campus and also their contribution in the success of Infosys as an IT giant. The aim of the visit was to sensitize students about the working of the industry and how various challenges are tackled with expertise
