LETTER OF INVITATION –FDP GUEST SPEAKER

Date:17-08-2016.

To

Dr.S.Sreenadh,
Professor of Mathematics,S.V.University,
TIRUPATI,
A.P.INDIA

Respected Sir,

Sub: Req- Letter of invitation for Guest Speaker on FDP–Reg.

On behalf of Malineni Lakshmaiah Women's Engineering College, we are very pleased to invite you as a resource person for the Faculty Development Program-“**Mathematics in Engineering Disciplines**” on 25-08-2016 to 27-08-2016 in our college auditorium. Your expertise and experience in the field of Teaching Methods in education system will be an excellent addition to our programme.

We look forward to your positive response and kindly communicate your acceptance at the earliest.

Thanking you,

Yours sincerely,

Dr. Sreenadh

About College

Malineni Lakshmaiah Women's Engineering College, (MLEW) has been established in 2008 to leverage 'education' as a means of 'empowerment' of women. The aim is to promote Technical Education among women to enhance and build-up a new generation of thinkers, innovators and planners in the realms of Science and Technology. It is approved by All India Council for Technical Education (AICTE), New Delhi and ISO 9001:2015 Certified Institution and with the recognition of Govt. of A.P, MLEW is affiliated to Jawaharlal Nehru Technological University (JNTU-K), Kakinada. Since the inception of the college, the college has been taking in students and growing in facilities year after year. Aesthetically landscaped, the sprawling campus of the college is home to the finest facilities and contemporary instructional infrastructure. Every student of MALINENI can be assured that this institution will provide them a very congenial academic ambience and the right type of inputs in order to mould them with the right technical competence as required by the industry. The teaching-learning process is carried out through the use of overhead and LCD projectors. The college boasts facilities such as an extensive computer center, library, advanced lab for communication skills, internet center, spacious seminar halls and Digital Classrooms.

Vision

To be a pioneer institute in engineering education, fostering academic excellence, and producing empowered women engineers, blended with ethics and values, to serve the society.

Mission

To achieve academic excellence through innovative teaching-learning practices

To inculcate self-discipline, ethics, and values amongst the learners

To bridge the gap between industry and academia through the industry-institute interface

To promote higher education, research and inculcate entrepreneurial attitude amongst the learners

About Department

Department of Science and Humanities provides the solid foundation for the students in reorienting them towards technical education, equipping them with knowledge in basic engineering streams and exposing them to a broad spectrum of subjects and disciplines like Mathematics, Physics, Chemistry, Environmental Sciences and Management studies in addition to extensive training in Language and Communication Skills. The creative, critical, analytical and communicative faculties of the students are sharpened and fine-tuned.

The department is sufficiently supported and strengthened with well experienced members of faculty handling the subtleties making the students sensitive to the finer nuances of the concepts taught. All Laboratories are fully equipped to conduct the experiments as per the syllabus prescribed by the University. The language laboratories are provided with facilities for playing audio/video files, PA system and DLP projector along with interactive software for in-depth training and practice of the students. Unique additional value inputs are imparted in the areas of personality development, communication and soft skills.

Objective of the Programme

Mathematics provides an effective way of building mental discipline and encourages logical reasoning and mental rigor. In addition, mathematical knowledge plays a crucial role in understanding the contents of other school subjects such as science, social studies, and even music and art.

Mathematics contributes to the core of engineering and serves as a source of knowledge from which engineering students can draw from. Thus, engineering students must have an ability to apply mathematical knowledge and skills to problem solving and engineering design tasks.

DEPARTMENT OF SCIENCE AND HUMANITIES

Report of the Faculty Development Programme MATHEMATICS IN ENGINEERING DISCIPLINES

A faculty development programme was organized from 25th to 27th September, 2016 at Institute of Vocational Studies on the above mentioned topic. This was a three day Faculty Development Programme where various related subtopics were discussed in detail by eminent educationists and a very beneficial academic environment was experienced by the participants.

The FDP was started on 25th to 27th September, 2016 with the Lamp Lightening ceremony followed by Quranic Verses and Saraswati Vandana. The dignitaries were welcomed by the Principal Dr. J. Apparao and presented flowers. The first technical session was on the topic MATHEMATICS IN ENGINEERING DISCIPLINES and the guest speaker was Dr. S. SREENADH, discussed the use of Research in Education. She also discussed the latest trends which are observed in various institutes and the perception of teachers regarding the same. The lecture was very beneficial and provided an insight on the various challenges associated which a teacher educator has to overcome. The technical session was followed by lunch.

On second day technical session 2 and technical session 3 were organized. The guest speaker was Dr. S. SREENADH, discussed about research & application of statistics in education. There was exchange of ideas on the issues concerning the educational researches. It was also discussed the requirement of the educational scenario and how research activities can be carried out by teachers in limited time span and with limited resources. In the technical session 3 Dr. S. SREENADH discussed about how to write a research report and learned the doubts of the participants regarding the same. The session was followed by lunch.

On third day technical session 4 & 5 were addressed by Dr. S. SREENADH, enlightened the participants about life skills required to be a teacher. Various life skills were discussed in detail over the two sessions of the day. Various case studies were discussed and the skills required were elaborated. Dr. S. SREENADH cited the examples to make the attainment of the skills very clear. In all, the technical sessions provided a good learning experience. This was followed by lunch.
